

# 2015 Chrysalis Awards

## for Remodeling Excellence

The 2015 winners reflect creativity and quality as consumers make the choice to remodel their homes

By Ken Kanline

### THE CHRYSALIS AWARDS

program, begun in 1994, recognizes the nation's best remodeling and design work in 15 general categories of residential and commercial remodeling. The Chrysalis Awards are open to professional remodelers and design professionals in the U.S.

This year, 97 remodeling and design companies were honored as winners of the 2015 Chrysalis Awards for Remodeling Excellence. The winning projects were selected from more than 400 entries judged on overall design, the creative use of space and materials, and the degree to which the project enhanced the original structure.

Pictures of the 2015 award-winning projects, and all winning projects since 1998, can be seen on the Chrysalis website [chrysalisawards.com](http://chrysalisawards.com).

Congratulations to the 2015 Chrysalis Awards winners:

**Jackson Design & Remodeling** won the National Award for Kitchen over \$150,000. The homeowners wanted to open their kitchen and living areas, and connect the space with their home's natural environment, all the while paying design homage to the European aesthetics they appreciated. Structural changes such as removing walls, windows, doors and a fireplace, established an open area and wood ceiling beams create a balanced rhythm. New windows and glass doors fill the space with light and several varieties of wood play against the glossy white cabinetry and countertops.
