American Society of Interior Designers

Museum of Photographic Arts in Balboa Park  
August 25

Innovative, unprecedented, and creative were the buzzwords at the much anticipated red carpet awards gala for the best of the American Society of Interior Designers.

Imagine, if you will, that the Award Season does not end in June with the Tony Awards, but rather concludes with the American Society of Interior Designers Design Excellence Awards. The red carpet gala, held on August 25th at the Museum of Photographic Arts in Balboa Park, revealed the very best in the San Diego interior design scene. The dazzling designs of the 75 residential and commercial entries captivated the attendees. The evening featured signature martinis, gourmet hors d'oeuvres, awards ceremony and an after party with champagne and desserts.
