The outdoor retreat is titled Resort-Like Cabana and Pool. Voting in the 2019 "Ultimate Outdoor Awards" competition runs through April 17 at 2 p.m.

Luxurious RSF retreat selected for 2019 HGTV 'Ultimate Outdoor Awards' competition

Jackson Design and Remodeling (JDR) announced recently that HGTV editors have selected the company as one of 12 nominees to compete in the 2019 "Ultimate Outdoor Awards" competition in the "Outdoor Oasis" category, for the design build remodel of a breathtaking outdoor living space in the community of Rancho Santa Fe. The outdoor retreat is titled Resort-Like Cabana and Pool. Voting began online March 27. The public can view and vote in each of the four categories once a day, every day, until April 17 at 2 p.m.

HGTV's Ultimate Outdoor Awards celebrate landscape architects, architects and designers who are creating beautiful outdoor spaces. Participating designers compete in four categories: Gorgeous Gardens, Curb Appeal, Outdoor Oasis, and Waterside Paradise. Voters select their favorite project in each category. The projects with the most votes will be recognized with the People's Choice award. Contestants can also win the HGTV Editors' Pick award if their project receives the most votes from the HGTV editorial team.

Senior Interior Designer Tatiana Machado-Rosas and Licensed Architect John Kavan together designed this stunning retreat to enhance outdoor living on a grand scale for a couple who loves to entertain and spend time together as a family. The home is located on over two acres with stunning views of rolling hills reminiscent of Tuscany. The original outdoor space was dated and disorganized and did not take advantage of its beautiful natural surroundings. The new design starts with the cabana addition, with bi-fold glass doors capturing the awesome natural beauty of the home's surroundings. Inside the cabana, a custom-built pool

table and arcade table, seating and entertaining areas, and several spaces for other games provide comfortable and luxurious relaxation. The outdoor area encompasses a pool and lounging area, a custom ping pong table, a jacuzzi, a full kitchen, and a terrace with a fire pit. The upper and lower terraces are now unified and oriented to appreciate natural beauty. Appealing symmetry and order dramatically enhance the visual relationship between the outdoors and the existing home and establish a welcoming environment that inspires relaxing and entertaining in any season.

"During 30 years of creating thousands of dream homes in San Diego, our award-winning team at Jackson Design and Remodeling continually impresses me with their talent," said JDR President and CEO Todd Jackson. "It's always exciting to see the creativity and passion of our team recognized nationally by our peers in the design industry and especially from a brand like HGTV with audience reach in the multi-millions. We're confident that HGTV readers will see the dedication we have for creating one-of-a-kind homes for our clients and be inspired by our work."

The judges will review the winners of the People's Choice and the HGTV Editors' Pick awards to select an overall winner based on the quality of the design work, innovation and creativity of the project, the relevance to the category, and the utilization of available square footage and materials.

The "Ultimate Outdoor Awards" competition will end April 17 at 2 p.m. Vote at bit.ly/2Utd2Lo
