San Diego Modern Home Tour

October 12 | Multiple homes

The 2019 San Diego Modern Home Tour gives regional architects, designers, and homebuilders the opportunity to showcase their work to the community in which they work. In turn, the self-guided tour gives San Diegans the chance to engage the minds behind the designs. Participating architects, designers, and featured neighborhoods include a 1984 beach condo in Pacific Beach designed by Verdant Ventures with Bluhaus, an adobe home in Encinitas designed by Jackson Design & Remodeling, a set of townhouse-style condominiums in Bankers Hill designed by Nakhshab Development & Design, a La Jolla mid-century beach house renovated and remodeled by Sol Quintana Design with Miguel Rodriguez Construction, and more. Attendees will also have the opportunity to visit the remodeled Brandon Beaver Building, originally designed in 1963 by San Diego Modernist Architect Homer Delawie, AIA, and renovated in 2017 by Domusstudio Architecture. The San Diego Architectural Foundation is the tour's nonprofit beneficiary for the sixth year in a row. sandiegomodernhometour.com

All Fore the Community Golf Classic

October 21 | Rancho Santa Fe Golf Club

Presented by the Rancho Santa Fe Community Center, this 18-hole scramble tournament includes a putting contest, lunch, and tee prizes. The 26th annual event is an incredible opportunity for the public to play this beautiful private course, and the fast pace of play and fun activities make this one of the RSFCC's most popular fundraisers, according to its executive director, Linda Durket. Proceeds support RSFCC's programs and activities that serve to connect and enrich the community, including youth after-school classes, sports, and more. The \$350 player fee includes the All Fore Fun After Party; tickets for the After Party only are also available. 858.756.2462, ldurket@rsfcc.org, rsfcc.org
