

We're Here for You

The team here at Jackson Design and Remodeling wants to let you know how we are responding to the executive “Stay at Home Except for Essential Needs” order issued by the Governor of California on March 19, 2020. The California State Public Health Officer and Director of the California Department of Public Health are ordering all individuals living in the State of California to stay home or at their place of residence, except as needed to maintain continuity of operation of the federal critical infrastructure sectors, critical government services, schools, childcare, and construction, including housing construction.

While our offices and showrooms are closed to the public, we are here to serve you remotely by phone and online.

The well-being of our clients, our team, our trade partners, and our community is our top priority. *Here are the steps we are taking as of today:*

- If you have a project under construction or in design, your Project Director or Project Manager will be contacting you directly to consult with you and make plans.
- The JDR team is available by phone or email during our usual business hours.
- We can meet via phone, FaceTime, or an online Zoom meeting.
- *Looking ahead:* All of us are going to be spending a lot more time at home. During this period of social distancing, we encourage you to stay in touch. We are adapting in innovative ways to be here for you if you're considering a remodeling project in the future.

We are wishing all of you and your families health and safety during this challenging time. Please know that we are here to answer any questions or concerns you may have.
